PROJECT WORK

MM- 20

INTRODUCTION

History is one of the most important disciplines in school education. It is the study of the past, which helps us to understand our present and shape our future. It promotes the acquisition and understanding of historical knowledge in breadth and in depth across cultures.

The course of history in senior secondary classes is to enable students to know that history is a critical discipline, a process of enquiry, a way of knowing about the past rather than just a collection of facts. The syllabus helps them to understand the process, through which a historian collects, chooses, scrutinises, and assembles different types of evidence to write history. The syllabus in class-XI is organised around some major themes in world history. In class XII the focus shifts to a detailed study of some themes in ancient, medieval, and modern Indian history.

CBSE has decided to introduce project work in history for classes XI and XII in 2013-14 as a part of regular studies in classroom, as project work gives students an opportunity to develop higher cognitive skills. It takes students to a life beyond text books and provides them a platform to refer materials, gather information, analyse it further to obtain relevant information and decide what matter to keep and hence understand how history is constructed.

OBJECTIVES

Project work will help students to:

- ❖ develop skill to gather data from a variety of sources, investigate diverse viewpoints and arrive at logical deductions.
- ❖ develop skill to comprehend, analyse, interpret, evaluate historical evidence, and understand the limitation of historical evidence.
- ❖ develop 21st century managerial skills of co-ordination, self-direction, and time management
- ❖ learn to work on diverse cultures, races, religions, and lifestyles.
- ❖ learn through constructivism-a theory based on observation and scientific study.
- ❖ inculcate a spirit of inquiry and research.
- ❖ communicate data in the most appropriate form using a variety of techniques.
- ❖ provide greater opportunity for interaction and exploration.
- ❖ understand contemporary issues in context to our past.
- ❖ develop a global perspective and an international outlook.
- ❖ grow into caring, sensitive individuals capable of making informed, intelligent, and independent choices.
- ❖ develop lasting interest in history discipline.

GUIDELINES FOR TEACHERS

This section provides some basic guidelines for the teachers to take up projects in History. It is very necessary to interact, support, guide, facilitate and encourage students while assigning projects to them.

- ❖ The teachers must ensure that the project work assigned to the students individually/ In-groups and discussed at different stages right from assigning topic, draft review to finalization.
- ❖ Students should be facilitated in terms of providing relevant materials, suggesting websites, obtaining of required permission for archives, historical sites, etc.
- ❖ The Project Work should be suitably spaced from April to November in classes XI and XII so that students can prepare for Final Examination.
- ❖ The teachers must ensure that the students submit original work.
- ❖ Project report should be Handwritten only. (Eco-friendly materials can be used by students)

The following steps are suggested:

- ❖ Teacher should design and prepare a list of 15-20 projects and should give an option to a student to choose a project as per his/her interest.
- ❖ The project must be done individually / In-groups.
- ❖ The topic should be assigned after discussion with the students in the class to avoid repetition and should then be discussed at every stage of submission of the draft/final project.

- ❖ The teacher should play the role of a facilitator and should closely supervise the process of project completion, and should guide the children by providing necessary inputs, resources etc. to enrich the subject content.
- ❖ The Project Work needs to enhance cognitive, affective, and psychomotor domains in the learners. It will include self-assessment and peer assessment, and progress of the child in project-based and inquiry-based learning. Art integrated Activities, experiments, models, quizzes, role plays, group work, portfolios, etc., along with teacher assessment. (NEP-2020)
- ❖ The Project work can culminate in the form of Power Point Presentation/Exhibition/Skit/ albums/ files /song and dance or culture show /story telling/debate/panel discussion, paper presentation and whichever is suitable to visually impaired candidates.
- ❖ Students can use primary sources available in city archives, Primary sources can also include newspaper cuttings, photographs, film footage and recorded written/speeches
- ❖ Secondary sources may also be used after proper authentication.
- ❖ Evaluation will be done by external examiner appointed by the Board in class XII and internal class XI.
